Adelaide Snake Catchers Still Busy In Winter

For many people, the mere sight of a snake will send shivers down their spines. But for our customers at "Adelaide Snake Catchers", it's all in a days work. And even though the winter months are traditionally a time of hibernation for reptiles, there is always something to keep the team busy.

Whether they are involved in the training of mining companies, quarantine inspectors or national parks and wildlife officers, the services of "Adelaide Snake Catchers" are in demand to ensure all

the creepy crawly habitats and food resources are left as undisturbed as possible. They have also just been involved with demonstrations at the Adelaide Reptile & Frog Expo 2015 where some "brave souls" were able to get up close and personal with their favourite reptile. However, for those of us who do not welcome these shy creatures indoors or even in our yards, Adelaide Snake Catchers offer a 24hr hotline to remove unwanted slithery guests.

Please phone 0413 635 373 for help!

Marino Uniforms is South Australian Owned and Operated. Thank you for supporting local business.
